CLASS A MOTORHOME FOR SALE BY OWNER

2017 Thor Challenger 37TB Bunkhouse Class A Motorhome

Length: 38'-1"

Slides: 3

Sleeps: 9

With only 11,600 driven miles, this Class A Motorhome is a must-see here in Green Valley. Featuring a powerful Ford Triton V-10 gasoline engine, you can tow an additional 8,000 pounds if you need an auxiliary vehicle.

There's a king bed in the master bedroom and a drop-down queen bed over the driver/passenger seats, and 2 bunk beds that double as storage. If you need to sleep more, you can convert the kitchen table into a bed and use the pull-out couch as well. The specifications says "sleeps 9", but we have found that it really sleeps 7 comfortably. The 3 slide-outs offer a lot of space to relax and play.

Amenities include 4 indoor TVs and 1 exterior TV, 1 full bath and 1 half bath, a full-size refrigerator, a 3-burner stove and a combination microwave/convection oven. Outside, there are 2 large front awnings with LED lights replaced in 2023, plus 2 slide-out awnings. The rig has 2 house batteries and 1 coach battery, all replaced in 2023.

Included in the price is the GVRVR lot rent through March 2024 (annual rent is \$3,580), a picnic table, grill, outdoor chairs, and built steps for easy access. A Winegard satellite dish is attached to the unit, but currently unused as we are using conventional cable for TV and Internet.

Available for viewing by appointment. Current pricing is on the website.
